Per week by carrier 25
(Entered at the Carson Post Office as second class matter)

And even some of the train dispatchers of the Pennsylvania were getting a rake-off.

"Life in a quest," a Chicago preacher assures us.

The "Allison compromise" reminds us very much of the one Russia made with Japan at Portsmouth.

Scrutinize your change carefully; a dangerous counterfeit thousand dollar bill has been discovered.

The Washington State Supreme Court has given George H. Melse \$14,000 for the loss of a leg. George's financial standing is now assured.

Dr. Wiley, chief chemist of the Agricultural department, says that bottled whiskey is the safest. Of course it is, as long as it stays bottled.

If the merit system prevailed in the senate there would be a sudden change in the make-up of that body. President Cassatt, seems to have been deceived by the fact that the agents employed to do various illegal things actually did them.

A lot of K. O. P. organs that have said mean things about the "muck rakers" very naturally applauded the president's special message, which was in itself a pretty good specimen of what these organs are pleased to call "muck raking."

The Philadelphia Evening Telegraph rushes wildly to the defense of President Roosevelt and Senator Lodge and severely censures Senator Tillman and ex-Senator Chandler. The Philadelphia Telegraph's office is on Chestnut street.

The fact that the majority of the canal engineers favored a sea level canal is not going to be allowed to stand in the way of the kind of a canal that will take the longest to build. The gentlemen who adroitly had the site switched to Panama in order to delay the work will take care of all that.

If the standpaters succeed in holding the government the only way to get anything to eat, drink or wear will be to immigrate. The protective tariff will not deprive us of wholesome pork, pure liquors, or good clothes if we buy them under some other flag.

As "Captains of Industry" those Pennsylvania railroad clerks possessed such remarkable talents that they would have distanced George F. Perkins and actually owned the road, if Senator Tillman hadn't started an inquiry into their business methods. They had already become captains of all the industries along the lines of the road.

Wm. Hy Doane expects to leave for San Francisco this evening on a visit to his son Garfield.

Mayor Schmitz, of San Francisco, has ousted another commissioner of police on a charge of boodling.

The brakes on an auto failed to work and eight persons were killed near Brighton, England, yesterday.

Two big strikes have been made in the Keystone-Nevada mine in the Olinghouse district.

If you feel a bump tonight, it will be the departure of the Elk's train for Denver.

The Washington Post says that ever since 1894, "Filthy Luce has been an intense, zealous, and radical Republican and a nactive politician." We have often heard that money is the root of all evil and that it is a great coward; but if it is at the same time an active republican politician, it is too bad for anything.

It is now quite evident that all the charges of rottenness charged by the democrats against the Republican party are more than true.

ASK YOUR DOCTOR

It may seem to be all nonsense to you, our claim that headaches will disappear after wearing glasses, that the dull headache which has persisted for a year will disappear as if by magic. But it is all true; ask your doctor, and if he says so, then come and be examined for glasses. I make a correct examination and give the correct lenses. Isn't it worth a trial? Dr. Goldberg, Graduate Refractionist, Room 30, Park Hotel.

TEACHERS ADMITTED

The result of examinations by the county superintendent of schools, Prof. Roberts, admits: to grammar grade, Miss Mary Cowan and the Misses Sullivan; primary grade, W. Fuhrman and Miss Ellsworth. Certificates were issued to the five candidates and they are now ready for places in the educational institutions of the State.
